## HELD THE MOB AT BAY

Courage of a Sheriff Saves the Life of a Negro Murderer.

### SHOTS EXCHANGED WITH DIRE EFFECT

Two Members of the Crowd Struck by Bullets, One Fatally—Troops Ordered Out to Avert the Lynching.

Carrollton, Ga., June 7.—A mob of 300 white men broke into the jail here in an attempt to secure a negro named Williams. In front of the negro's cell the mob was confronted by Sheriff Merrill, revolver in hand. A fight ensued, in which the sheriff shot and wounded two men, one of them it is believed fatally. The mob fired on the sheriff, but he was not hurt, although one bullet passed through his hat. The mob dispersed without getting the negro. Williams was to have been hanged for the murder of John Word, but the execution was postponed owing to an appeal.

The sheriff's fire killed Daniel Bennett of this city. Frederick Word, father of the boy whom the negro Williams murdered, was badly wounded, and two other members of the mob were given flesh wounds. The leaders of the mob have telephoned to Temple and Villa Rica for aid, and swear they will have the negro. Sheriff Merrill is swearing in all the deputies he can summon, but there are not enough to go around.

### Troops Ordered Out.

Atlanta, June 7.—Governor Candler ordered one company of militia to Carrollton by special train. It is feared another attempt will be made to lynch Williams.

### Opening For Northern Money.

Chicago, June 7.—Efforts are being made by a delegation of Birmingham (Ala.) business men to interest Chicago bankers in the establishment of a national bank in that city to be controlled by Chicago interests. The purpose of the southern people is to get surplus money from the north into their section. The earning power of banks in that section is said to be twice that in Chicago. Jonas Schwab is chairman of the committee which is visiting the Chicago bankers, endeavoring to interest them in the plan.

### Runyan Sentenced.

Columbus, O., June 7.—In the contempt cases against Clay M. Runyan and Bert J. Steele, charged with offering to sell lists of law examination questions, the former pleaded guilty in supreme court and was sentenced to pay a fine of \$50 and the costs and to be confined in the county jail here for 10 days. Runyan claimed he received the list clandestinely, from an unknown source, as the result of anonymous correspondence. Both the accused men reside in this city.

### Additional Field Batteries.

Washington, June 7.—An order has been issued at the war department directing the organization of five batteries of field artillery and three companies of coast artillery in addition to those now in service. These additional batteries and companies will be organized by transfers from the following existing organizations: Second, Sixth, Fifth, Seventh and Ninth batteries, and the Forty-eighth, Seventy-seventh and Seventy-eighth companies.

### Stranded Steamer Assyrian.

St. Johns, N. F., June 7.—Three wrecking steamers are lying by the stranded Leyland line steamer Assyrian, ashore off Cape Race and three divers are making a thorough examination of her bottom. Everything is ready for discharging her cargo, or attempting to tow her off, if such a step is decided on. The weather is most favorable and it is likely to continue unchanged for some time.

### Gold in Korea.

St. Petersburg, June 7.—Edwin W. Morgan, second secretary of the United States embassy, has arrived here, having left April 1. Mr. Morgan declares the American gold mines are the most prosperous enterprises in Korea. Russia has not erected coaling buildings at the island of Ma-San-Phow when Mr. Morgan left, but her vessels were coaling from a coal ship.

### No Appeal in Prize Fight Case.

Cincinnati, June 7.—William A. Brady, formerly manager of pugilists and defendant in the proceedings last February to prevent the Jeffries-Rubin fight here, has notified counsel that he has retired from pugilistic management and will not assist in appealing from the injunction granted by Judge Hollister. Counsel announced in court that there would be no appeal.

Lexington, Ky., June 7.—Oots' cooper shop was destroyed by fire, together with 16 other houses. The loss can not be estimated yet.

## FATAL HONEYMOON.

Young Millionaire of California Passes Away in Japan.

Denver, June 7.—Ex-Governor Baxter of Wyoming received a cablegram from Mrs. Hugh Tevis, now at Yokohama, announcing her husband's death. The cablegram gave no further particulars. Miss Cornelia Baxter was married to Mr. Tevis of San Francisco a few weeks ago in California, and they sailed for Yokohama on their honeymoon tour. Hugh Tevis was the second son of Lloyd Tevis of San Francisco, and one of the heirs of the vast estate left by that multimillionaire. He was about 40 years of age and a graduate of Harvard. While at that university he entered in a mile footrace, which he won, but in doing so exerted himself so severely as to affect his heart. The complaint there contracted never left him, and he was subject to attacks of heart trouble.

### Brazilian Courtesy.

Washington, June 7.—A number of officers of the Brazilian navy, in full uniform and accompanied by the Brazilian minister, Mr. Assis-Brasil, called at the White House and had a pleasant exchange with the president. Later they called on Secretary Long at the navy department and on the other cabinet officers. They also went to the navy-yard and visited Mount Vernon, where they deposited a beautiful wreath of immortelles on the tomb of Washington. The visits were expressive of the good will existing between Brazil and the United States, and were in return for the courtesies shown by the United States when President Campos-Salles was inaugurated, in having the Iowa and Oregon in Brazilian waters.

### Presidential Term.

Chicago, June 7.—Replies of approximately 1,100 prominent men to the questions of electing United States senators by direct vote and making a president ineligible for a second term have been put in form by an expert, and will now be submitted to the subcommittee of the advisory committee of the National Civic Federation. It is believed that the 1,100 answers are about evenly divided, and that the subcommittee will turn the replies over to the advisory committee without recommendations as to a report. In connection with the question of making the president ineligible for a second term opinions of the length of a single term were requested. It is believed a term of six or eight years is favored.

### Sarah's Latest.

London, June 7.—Sarah Bernhardt will play Romeo for a hundred nights in America to Maud Adams' Juliet. This important theatrical event was arranged at a supper given by Sarah Bernhardt to Charles Frohman, Mme. Bernhardt will play in English, and after the American tour the two eminent actresses will appear here and on the continent. Mme. Bernhardt has taken Mr. Frohman's prompt-copy in manuscript and will study the role in English during the summer. It is the desire of both managers to have Mme. Bernhardt appear as Romeo, following her coming production of "Theodora" at the Sara Bernhardt theater in Paris.

### Two French Duels.

Paris, June 7.—A duel with swords in the Parc des Princes between Max Regis (the anti-Semite mayor of Algiers) and an Algerian journalist named Laberdesque lasted two hours and a half with no result, when the encounter was adjourned. Regis challenged Laberdesque in consequence of an article which the latter wrote in La Petite Republique. There was a second duel, simultaneous, in another part of the park between a writer on Temps and another newspaper man. It resulted in the former being slightly wounded in the thigh by a pistol shot.

### Gifts to King Edward.

London, June 7.—A special embassy from the sultan of Morocco bearing congratulations to King Edward on his accession to the throne created considerable interest on its arrival here. The embassy, which is headed by Kaïd el Mehdi el Menebehl, the minister of war, numbers 29 persons, including the ambassador's two wives. The ambassador of Morocco brings King Edward two rare Atlas mountain sheep, 20 Arab horses and 20 mules. The official reception will take place on Monday.

### Must Serve Out His Term.

Montgomery, Ala., June 7.—The first committee report of the constitutional convention was made when the committee on executive reported. Among other things, it makes the governor ineligible to any office within one year after the expiration of his term, and his acceptance of the office of governor is a pledge to the people that he will not accept appointment or election to the United States senate during his term of office.

## ARMY POST CANTEEN.

American Medical Association In Favor of Its Re-establishment.

### INDORSE MILITARY SURGEONS' ACTION

Its Abolition Held Responsible For the Appalling Increase of Drunkenness and Crime Among Uncle Sam's Soldiers.

St. Paul, June 7.—By unanimous vote the American Medical association adopted a report indorsing the movement for the re-establishment of the army post canteen. The committee on legislation, through the chairman, Dr. H. L. E. Johnson, presented a report reciting the resolutions adopted by the military surgeons last week, and continuing:

"We have carefully considered the resolution proposed, and declare it to be wise and proper and of importance to every citizen of the republic. The resolution is the outgrowth of careful study and observation by the medical department of the United States army, is concurred in by the commanding officers at the various posts, and is intended to correct serious abuses under the present law, which result in drunkenness, desertion, insubordination, dishonorable discharge, crime, poverty, appalling increase in venereal disease and vandalism among the soldiers of the United States army."

The resolution adopted is as follows: "Resolved, That this body deplores the action of the congress in abolishing the army post exchange or canteen, and in the interest of discipline, morality and sanitation recommends its re-establishment at the earliest possible date."

### A Case of Interest.

New York, June 7.—Herman Warszwialk appeared before a referee on a petition for discharge in bankruptcy proceedings. Warszwialk came to this country as a convert to Christianity in 1891, and instituted an American mission for the Hebrews. His name still appears as superintendent of the institution. In spite of his expulsion from the Presbyterian church he was reinstated in the winter of 1899. A year earlier he had filed a petition in bankruptcy showing liabilities of \$291,302. The largest creditor was a Mrs. Annika Nicolas, who figured for \$26,000, money lent. Mrs. Nicolas opposed the petition for the discharge. She says the money was advanced by her to establish a hat factory for the employment of Jewish labor in connection with Warszwialk's proselytizing work. She says there is no evidence to show that such a factory was ever established.

### Independence Wants In.

Boston, June 7.—Thomas W. Lawson, the owner of the Independence, in order to conform with the requirements of the New York Yacht club in making the yacht eligible for the coming races, has offered to charter the boat to Lewis Cass Ledyard, R. Nicholson Kane, August Belmont, C. L. F. Robinson, J. V. S. Oddie, E. D. Morgan, E. M. Brown, J. Pierpont Morgan and C. Oliver Iselin. A copy of the charter bearing these names was sent to Commodore Ledyard for approval. In the charter Mr. Lawson agrees to turn the yacht over to the committee three days before the first race and give the committee all rights and powers necessary to qualify the Independence to enter and take part in the cup race.

### Kennedy Trial.

Kansas City, June 7.—Part of the time in the trial of Lulu Prince Kennedy for murdering her husband was taken up in arguing the privilege claimed by the state of bringing in testimony bearing on the acts, conduct and character of the prisoner previous to the killing. The defense argued strongly that inasmuch as the plea of insanity would be made in her behalf, such evidence was not relevant. The jury was sent from the room while the point was argued. Judge Wofford finally decided for the state, that such evidence could be introduced, and Prosecutor Hadley resumed the examination of witnesses.

Washington, June 7.—The following postmasters have been appointed by the president: Indiana—Charlestown, James M. Teeple; Pendleton, Calvin F. Brown; Plymouth, Joseph A. Yockey; Wahash, J. M. Crain.

### Volunteers Have Sailed.

Washington, June 7.—A cablegram was received at the war department from General MacArthur at Manila announcing that all the volunteers have left the Philippines en route for the United States.

### Bonds For the Indemnity.

Shanghai, June 7.—The Chinese government has ordered that bonds be prepared for the payment of the indemnity.

## HOPEFUL

Is the Administration That Cubans Will Accept the Platt Provision.

Washington, June 7.—The cabinet was in session over two hours discussing the Cuban and Philippine situations. A communication has been received from Governor General Wood regarding the prospect for the unconditional acceptance of the Platt amendment, but its contents are not made public. It can be stated, however, that there is a hopeful feeling in administration circles that after the first soreness wears off the convention will see the wisdom of accepting the terms of the amendment. Meantime the existing status in Cuba is to be maintained. No action looking to the calling of another convention is in contemplation if the present convention should decline to accede to our terms.

The program looking to the establishment of civil government in the Philippines is being formulated in the shape of an order, which is to be promulgated shortly. It is said that there is no definite conclusion as to whether the powers of the civil administration will be exercised under the general war powers of the president or the authority vested in him by the Spooner amendment.

### Southern Republics Disagree.

Washington, June 7.—It is stated that no material developments have occurred of late regarding the degree to which deliberation shall be urged in the arbitration plan before the coming congress of American republics to be held in the City of Mexico. Chile is still unwilling to attend the congress unless arbitration is restricted to future questions, while Peru stated officially that she will not attend unless the discussion of arbitration is allowed to proceed on the broadest lines. It was also stated that Argentina, Uruguay, Paraguay and Brazil had made known their purpose not to participate unless the debate on arbitration proceeds on broad lines. The southern representatives are hopeful that Secretary Hay will reach some solution which will terminate the uncertainty existing. The desire of the authorities here is to bring all the republics into the congress, and they hope this will be accomplished.

### English Missionary Coming.

London, June 7.—Rev. G. Campbell Morgan, who is leaving for the United States to take up a portion of the evangelist work of Dwight L. Moody, had a great sendoff at the City Temple. The enormous building was packed by an enthusiastic audience. Dr. Parker, who presided, said: "Because Mr. Morgan is being taken away I don't entertain a very friendly feeling to those across the Atlantic. My friends in America were wise in their choice of such a man as Morgan. To take Americans in bulk, which by the way we never could, is to handle a multitudinous, expressive quantity."

### Missionary Union.

Clifton Springs, N. Y., June 7.—A platform meeting of the International Missionary union discussed the subject "India." Dr. Downie spoke on the "Situation at the Front"; the Rev. Rockwell Cliney on "The Famline Problem, Its Advantages and Disadvantages"; the Rev. H. Mansell on "Educational Works," and the Rev. J. M. Erwin on "Crisis Among the People of India—Shall They Accept Jesus or Hindooism?"

### NO IMPROVEMENT

Shows in Condition of Mrs. McKinley. Report of Physicians.

Washington, June 7.—Mrs. McKinley's physicians were in consultation over an hour. The following statement was issued: "Mrs. McKinley's physicians state that her condition is about the same as has been stated. There has been no material change."

### Money Missing.

Rome, N. Y., June 7.—On Tuesday the First National bank of this city ordered from the Fourth National bank of New York \$2,000 in \$1 and \$2 bills. It was shipped Wednesday. The waybill came all right, but no package. An unaddressed package came done up like a money package and sealed. The bank opened it and found it to contain nothing but brown paper. The express company is investigating.

### Spark From a Locomotive.

Defiance, O., June 7.—Fire at Stanley, a small village east of here, destroyed a barn, sawmill and dwelling house of E. Douty and burned a large bank barn belonging to William Aherheart. Douty's loss is \$1,500, without insurance, and Aherheart's \$1,000, fully insured. The building caught fire from a spark from a passing locomotive.

### Awarded Heavy Damages.

Chicago, June 7.—Albert H. Steager, an electrician, was awarded \$25,000 damages against the board of trade in the circuit court. Steager's arm was torn off and his thigh crushed by a rotary fan in the Board of Trade building.

## FINE ONES PICKED OUT

Sites For Uncle Sam's Proposed Naval Stations In Cuba.

### OFFICIAL SURVEYS NOW COMPLETE.

Work Proceeded Without Any Reference to the Island's Political Status—Other Insular Intelligence.

Washington, June 7.—The naval surveys which have been in progress for some time along the coast of Cuba have disclosed the most available harbors for coaling and naval stations, in case these are established in accordance with the Platt amendment. The Eagle, Yankton and Vixen have been conducting these surveys for many months, and most of the main harbors are now completed. Probably the most important points are Cape San Antonio at the extreme western extremity of Cuba, and Cape Mays at the extreme eastern end. Most of the large harbors along the northern and southern coast have been surveyed and charted, those of Cienfuegos and Guantanamo apparently being among the best on the southern coast. These surveys have proceeded without any reference to the political questions relating to Cuba, although the work already accomplished will be serviceable when these political relations are finally determined.

### Army Rations in Philippines.

Washington, June 7.—Major General J. W. Ruthers, chief commissary of the Department of Northern Luzon, in a letter to Commissary General Weston, dated April 15, says there are 338 stations in that department, with about 25,000 troops. Besides the troops there were at that time several thousand prisoners who were being fed by the government. The subsistence department, he says, is in a superb condition. Major Ruthers devotes considerable space in his letter to the subject of beef supply. For the most part the meat ration served the troops is the refrigerated or frozen beef. He says that the beef stew with vegetables is the finest component of the ration ever put into the hands of troops.

### Missing Packet Found.

San Juan, P. R., June 7.—The steamer Philadelphia arrived here, and the missing package intended for General Uribe-Uribe, the Colombian leader now in New York city, was found in the room formerly occupied by Luis Moret Munoz, a relative of the former president of the Federal party. Moret Munoz was arrested June 4 on his arrival here on the United States transport McClellan from New York, and was placed under detention at the residence of the chief of police, owing to his failure to deliver the package referred to, the value of which he was not aware of. The package was found sealed and intact and addressed to Abel Mourilla.

### Received by the Lord Mayor.

London, June 7.—The lord mayor, Frank Green, and the sheriffs received the delegates of the New York chamber of commerce at the Mansion House. About 20 of the delegates were presented to the lord mayor and shown over the Mansion House. A number of men of London chamber of commerce, including Lord Brassy and Sir Albert K. Rollit, were present. The lord mayor addressed the Americans, thanking them in the warmest terms for their visit. He alluded to Morris K. Jessup's reference in his speech at the banquet Wednesday to the impossibility of jealous rivalry existing between the United States and Great Britain as one of the truest things ever said.

### Newspaper Deal.

Detroit, June 7.—The Detroit Journal, of which William Livingston has been editor and proprietor since 1892, has been purchased by a company of local capitalists. The new owners are as follows: President, E. D. Stair; vice president, Henry Stephens; secretary-treasurer, Charles L. Palmis; and F. C. Andrews, Dr. J. B. Book and A. L. Stephens. There will be no marked change in the paper's policy.

Va., June 7.—It is reported that the Standard Oil company has made a proposition to the Flat Top Coal and Land company to buy all their holdings in West Virginia, which embrace 300,000 acres in Mercer, McDowell, Raleigh, Wyoming, Boone and Logan counties. The sum offered is about \$13,000,000.

The initial number of the Catlettsburg Daily Press is at hand and presents a fine appearance. Its news columns are bright and up-to-date, and it is liberally patronized by the advertisers. Mr. B. F. Forgey, editor and proprietor, is to be congratulated. Success to the Daily Press.

An able educator gives in the Atlantic Monthly for June some excellent advice to a small educational institution. "Unless it is exceptionally wealthy," he says, "it will not spend much money on buildings; it will put every available dollar into the quality of its teaching; it will content itself with a short list of names on its register; it will not waste its energies in attempting to give the higher education to those who are lacking either in the capacity or in the preparation required to profit by it. Teachers of the highest quality will then find within its halls ample scope for a life career."

### "EMPEROR MCKINLEY."

Some people take exceptions to Mr. W. J. Bryan's article referring to "Emperor McKinley" and criticising the decisions of the Supreme Court in the insular cases. The Daily Chronicle of London, however, declares that "the United States has become an empire," and adds that such is "the real meaning of the decisions." So if our country has become an empire, Mr. Bryan is right in referring to our ruler as "Emperor McKinley." In the article in question Mr. Bryan says in part:

By a vote of five to four the Supreme Court has declared President McKinley Emperor of Porto Rico, and according to the press dispatches, the Emperor has gladly and gratefully accepted the title conferred upon him by the highest judicial tribunal of the land. Those who were encouraged to believe that the Constitution had caught up with the flag were doomed to disappointment.

In the Downes case, decided immediately afterward, a majority of the court, composed of Justices Brown, Gray, White, Shiras and McKenna, held that Congress could deal with Porto Rico (and the same logic applies to the Philippines) without regard to the limitations of the Constitution. Chief Justice Fuller and Associate Justices Harlan, Peckham and Brewer dissented in strong and vigorous language, but the opinion of the majority—even a majority of one—stands until it is reversed.

This is one of the most important decisions, if not the most important, ever rendered by the court. It not only declares that Congress is greater than the Constitution which created it—the creature greater than the creator—but it denies the necessity for a written Constitution. The position taken by the court is defended, or rather excused, by reasoning which, if followed, will destroy Constitutional liberty in the United States. Every reason given by Justice Brown could be used with even more force to support a decision nullifying all limitations placed by the Constitution on Con-

gress when dealing with the citizens of the several States.

If the Porto Rican tariff trust is the wisdom and justice of a Congress which they do not elect and cannot remove, why do the people of the United States need a Constitution to protect them from a Congress which they do elect and can remove? The decision in effect declares that the people are not the source of power; it defends taxation without representation, and denies that Governments derive their just powers from the consent of the governed.

It assails the foundation of the republic, and does so on the ground of expediency. The dissenting opinions bristle with precedents and burn with patriotism. They ought to awaken conscientious Republicans to a realization of the meaning of imperialism.

This decision, like the Dred Scott decision, raises a political issue which must be settled by the people. The Supreme Court has joined with the President and Congress in an attempt to change the form of our Government, but there yet remains an appeal to the people.

### MORE EVIDENCE.

It is Coming in Rapidly in Maysville.

Evidence on the following subject will prove of interest to every Maysville reader. So many people go through the same experience daily. This statement should be proof positive to every wavering doubter. Read it carefully:

Mrs. W. R. Woodward, residing at West End near Pogue's distillery, says: "Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

The Greyhound has taken the Chevalier's run in the Portsmouth-Huntington trade.

Enquirer: "The officers of the Tacoma report the river on a fearful rampage from Maysville down. Mate Art Shriver reports passing a barn drifting, with trees and floating debris around, making it appear like a floating island. A rabbit was hopping around it, on the lookout for the first landing. It is said there is about everything coming, from a fence rail to a bridge—three of the latter passing Maysville yesterday."

### LEXINGTON'S LOSS.

Fire Destroyed a Large Number of Houses Friday Afternoon.

One of the most destructive fires, in area if not in property loss, that ever visited Lexington occurred Friday afternoon, starting in a stable back of Oots' cooper shop on West Main street and opposite Cox street and sweeping through to St. Joseph's Hospital.

A high wind was blowing and aided in the spread of the conflagration.

St. Joseph's Hospital while in great danger did not catch fire.

The loss roughly estimated will reach \$50,000.

The fire was got under control at 4:30 p. m.

Maysville Commandery No. 89 and St. Aloysius Cadets No. 1, Knights of St. John, will attend the international convention of the Supreme Commandery to be held at Cincinnati June 24th-27th. BALLENGER, jeweler and optician.

Mr. W. W. Baxter received a telegram last evening from Lexington stating that one hundred houses were destroyed by the conflagration there Friday afternoon. His aunt, Mrs. Fannie White, is among the losers, her home having been destroyed.

Another vegetable curio has been added to the list at the BULLETIN office, in the shape of a radish that bears a most striking resemblance to the headless trunk of a man's body. It was handed in this morning by Mr. Joseph Meyers, of the Sixth ward.

Rev. J. L. Irvin will be formally installed as pastor of the Presbyterian Church of Vanceburg to-morrow. A commission of Ebenezer Presbytery, consisting of Rev. W. C. Clark, D. D.; Rev. W. T. Spears and J. H. Bellot will have charge of the services.

West Union Defender: "Mr. Spencer Edgington, aged seventy-three, of Manchester, and the mother of H. N. Edgington, had one of her eyeballs, which had been giving her much trouble, removed Monday. The operation was performed by Dr. A. N. Ellis, of Maysville, and Dr. R. A. Stephenson, of Manchester."

The Chairman of the Newport Board of Education remarks in regard to the business meetings of the board that "it is of no interest to the public to know what is discussed on these occasions until a decision is reached as to whether certain changes are advisable." How otherwise could any public business be properly conducted? And is it necessary to insist upon a point what ought to be obvious to every one's common sense?

The salaries of the postmasters in the following named Kentucky towns have been increased: Hickman, Lancaster and Murray from \$1,200 to \$1,300 per annum; Lagrange, Millersburg, Leitchfield, \$1,000 to \$1,100; Versailles and Catlettsburg, \$1,600 to \$1,700; Lexington, \$3,100 to \$3,200; Mt. Sterling and Richmond, \$1,900 to \$2,000; Owenton \$1,100 to \$1,300; Nicholasville, \$1,500 to \$1,600; Paris, \$2,100 to \$2,200; Somerset, \$1,700 to \$1,800. Springfield decreased from \$1,200 to \$1,100.

Mr. Arthur Goebel has secured from the Frankfort Cemetery Company permission to extend the boundary of the lot in the State Cemetery in which his brother, Gov. William Goebel, is interred. He enlarged it from 3,600 square feet to 5,000 square feet, so as to take in all the ground from the general roadway which skirts the eastern side of the lot to the edge of the bluff overlooking the Kentucky river. The price paid for the original lot was \$2,500, and the extension raised this price to above \$3,000, the largest price ever paid for a single plot of ground in the cemetery. No definite plans have been made for the erection of the monument to be raised over the grave of the murdered statesman, but the purchase of this additional ground will enable Mr. Arthur Goebel to have removed trees which skirt the western edge of the lot and which would obstruct a view of the monument from the city.

IT'S

# PARASOL

TIME

And we're ready. Fact is we've been waiting for Phoebus to begin his summer work. 'Twould have been absurd to talk parasols with the sky in frowns. Now it smiles. So may you. Such parasols! Beautiful yet inexpensive. Notice, we don't say cheap—the word grates in association with such quality. But prices are low. For pretty silk conceits in white or colors, strong frames, stylish handles, \$1.25 you say? Not a bit of it—only \$1. And others at \$1.50, \$2, \$2.50, \$3. In fact nearly every kind of a parasol that has beauty to commend it is here.

## RAIN AND SHINE PROTECTORS!

Too, aplenty. Exquisite silk conception, plain or bordered, 26 inch, latest paragon frame, steel ferrule and handsome handles, \$2.50.

### CHILDREN'S DAY.

It Will Be Observed by Sunday School of the Christian and First Presbyterian Churches To-morrow.

Children's Day will be fittingly observed at the Christian Church to-morrow evening. There will be music and flowers, happy faced children and general good cheer. The church will be handsomely decorated for the occasion.

This has come to be a great day in this denomination. It was first observed in 1881; now it is annually observed in almost all of their schools. It is held in the interest of missions. The people now have missions in all the great fields of the world. Last year the Sunday schools of this body raised \$42,700 on Children's Day. Since 1881 they have raised over \$300,000. Special effort is being made this year to raise \$50,000. The Sunday school in this place is expected to do its full share toward the \$50,000. We hope the friends will render the children substantial encouragement in their lofty purposes.

Last year the offering of the local school was \$75, the school ranking fifth in Kentucky in that respect.

The school will be delighted to see their friends present to-morrow evening. The service will begin at 7:30 o'clock. A collection will be taken at the close. The public cordially invited.

Children's Day will be observed at the First Presbyterian Church to-morrow morning. A delightful service is anticipated. The public cordially invited.

Mr. and Mrs. Pangburn arrived here Friday afternoon and are at home with his mother on East Second street.

### More "Conscience" Money.

[Dover News.]

As further evidence that the conversions at a recent revival in Fleming County were the "real thing," Mr. H. F. Franklin, of Dover, recently received a check for \$5 from a former Fleming County man, the same being for a small balance, with interest, due on a box of axe handles shipped by Mr. Franklin's father twenty-eight years ago. The handles were not accepted, and Mr. Franklin requested this man to sell the goods and pay the freight. They brought a dollar or two more than the freight charges and the gentleman now concludes that this remainder was not rightfully his and returns it, with interest, to Mr. Franklin's son.

This will give employment to fifty to seventy-five men for a couple of years probably, besides a large number of teams to haul the product to this point for shipment. The Ohio Valley Pulley Company has purchased a large quantity of the seasoned timber.

Attorney General Breckinridge has filed a petition in the Fayette Circuit Court, in which, in the name of the Commonwealth, he asks that the charter of the Enterprise Fire Insurance Company, of Lexington, a mutual assessment company, be forfeited and revoked; that the court appoint a receiver to take charge of the books and assets of the company, and that he at once settle its affairs. The suit was prepared at the instance of State Insurance Commissioner John B. Chenault after an inspection of the affairs of the company by Special Examiner C. B. Bullock. Among other things, the petition alleges "that the Secretary of the company was not required and did not give bond, as required by law; second, that the company failed to keep a perfect record of all transactions of the corporation and of the Board of Directors, as is required by law; third, in that the defendant did not, as required by law, make a full and correct exhibit of all of its liabilities up to December 31, 1900; and, fourth, its mismanagement of the business and finances resulting in its total insolvency."

### Brown County's Loss.

It is estimated by the County Commissioners that it will take \$65,000 to replace the bridges alone swept away in Brown County by Wednesday's cloudburst. The loss of live stock throughout Huntington township is great.

### The Cigarette Cure.

[New York Sun.]

David Bispham has broken himself of the habit of smoking cigarettes in so simple a way that he wants everybody else addicted to the habit to try his method.

"I used to wonder," Mr. Bispham said the other day in a voice that proclaimed his desire to give the method all possible publicity, "whether it was the smoke I enjoyed or merely the sensation of holding the cigarette in my mouth. I decided that it was in all probability only the latter. To cure myself I began by putting into my mouth whenever I felt like smoking a piece of pencil and keeping it there until my temporary nervousness passed away. After I had done that for a week I found the pencil just as satisfactory as the cigarette and I decided that it was not the tobacco to which I was a victim. In less than a month I had entirely broken myself of the habit of smoking cigarettes and I have never gone back to them. Whenever I feel a particularly strong longing for one I pull on a pencil for a moment and am satisfied."

### Complimentary Tickets.

Editors who receive complimentary tickets to county fairs and other places are often looked upon as dead-heads, but the managers of the Woodford (Ill.) County fair, who have some experience in such matters, had the following printed on the complimentary tickets used:

"This ticket has probably been paid for ten times by the paper to which it is issued. It will be honored in the hands of man, woman or child, white, black, red or yellow, who favors the association by presenting it. It is good for entrance and grand stand, and bearer, if driving, will be entitled to pass team free. The association recognizes the fact that its splendid success is due to the notices so freely given by the press, and, while we cannot render an equivalent in cash, we return our grateful thanks."

### Sounds "Fishy."

[Portsmouth Times.]

A monster pike was found dead on the banks of Brush creek, near Henley, Wednesday afternoon. In its mouth lay a five-pound blue cat-fish, on which it evidently had choked. The pike was weighed and tipped the beam at sixty pounds. This is no fish story, for Chas. Brunner and Fred L. Doerr vouch for the truth of the report.

### Spraying Peach Trees.

Bordeaux mixture containing three pounds of bluestone to a barrel of water applied the last of May is likely to injure peach foliage somewhat, but in our experience the injury is not enough to do any serious harm. The same is also true of Bordeaux containing two pounds of bluestone applied the last of June.

Black spot was almost entirely prevented and the texture and size of the fruit were decidedly improved by two and three applications.

The spraying should be continued well up to the time of ripening of the fruit.—Maryland Station.

### Indians Publish a Paper.

The Mohawks of Canada and New York State are to have a newspaper. It will be edited by Charles A. Cooke, a full blooded Indian employed in the department of Indian affairs at Ottawa.

Some time ago Cooke began publishing The Onkwonwe, a semi-monthly magazine, printed in the Mohawk language, and it was so successful that he has decided to turn it into a newspaper, the first of its kind in Canada and the second in America.

The Cherokee Advocate, published in Indian Territory, is the only other Indian newspaper in North America.

The Baptists have three colleges in the mountains of Kentucky and are building a fourth.

### BY AN AMERICAN

Another of Great Britain's Racing Trophies Is Captured.

London, June 7.—Another of Britain's great racing trophies has been captured by an American, Foxhall P. Keene having won the Oaks with Cap and Bells II, ridden by Milton Henry. The owner, horse and jockey are all thoroughbred Americans, so the victory was not diluted as it was in the case of the derby. Long odds were obtainable against the American horse, but the odds shortened until Cap and Bells stood at the head of the list and started at 9 to 4 against. The hollowing of the victory detracted from the interest in the race.

### Found Dead In Bed.

He was 68 years old, and had resided in Houston until late last August, when he came to this city, after retiring from business. The body will be sent to Texas for burial.

The patient had all the symptoms of rabies before and after death, and the camp was greatly alarmed. The patient was bitten six weeks before the disease developed. He died in great agony.

Rockefeller for the furtherance of scientific research along medical and surgical lines was gratefully acknowledged by the executive committee of the American Medical association. The details of the benefaction are not yet known to the executive committee.
